

Assessing Progress: Desired & Discerned Outcomes

Loving Our Communities to Christ expects partnering cities to measure and report progress by assessing the following:

(Scale: 1 = weak/struggling/beginning and 5 = strong/excelling/arriving. Please add comments.)

1. Leadership Team – A city-wide leadership team that is theologically diverse, mixed-gender, multi-generational, and ethnically balanced, casting vision for and overseeing implementation of the LC2C strategy as an ongoing prayer-care share lifestyle.

1 - 2 - 3 - 4 - 5

Comments:

2. Prayer Groups – Sustainable, healthy Leadership Prayer Groups throughout the city are offering up the aroma of intercession that undergirds the city's LC2C strategy.

1 - 2 - 3 - 4 - 5

Comments:

3. Commitment – A critical mass of local, life-giving congregations and organizations (35-50%) are committed to lead their people in walking in the prayer-care-share lifestyle.

1 - 2 - 3 - 4 - 5

Comments:

4. Partnerships – Strategic partnerships are established and functioning between ministers and Kingdom leaders in the marketplace, called to serve as leaven in the societal spheres of influence (government, business, education, arts and media, law enforcement, social services) – evidence of Kingdom synergy that touches and transforms both individuals and institutions in the city.

1 - 2 - 3 - 4 - 5

Comments:

5. Salvations – Testimonies are evident of increased numbers of people coming to

Christ, being assimilated into local congregations, and growing as disciples as a result of evangelistic outreach in neighborhoods and workplaces across the area.

1 - 2 - 3 - 4 - 5

Comments:

6. Care Events - Collaborative, repetitive endeavors are taking place with a critical mass of believers participating in tangibly serving the city or county (e.g., “Reach Out Tuscaloosa”; “Spring Clean” in Santa Rosa; Love, Inc. in Corvallis).

1 - 2 - 3 - 4 - 5

Comments:

7. Fund Raising – Cities take ownership to raise funds to sustain local LC2C efforts, and seed back funds to MAC to sow into the launch of new partnering cities. Funding methodologies should be in place and functioning successfully.

1 - 2 - 3 - 4 - 5

Comments:

8. Prayer-Care-Share Training – City or regional opportunities for training and collaborating in praying, caring, and sharing are available to all congregations and organizations committed to the LC2C strategy.

1 - 2 - 3 - 4 - 5

Comments:

9. Prayer-Care-Share Lifestyle – The City Lead Team identifies an increasing number of congregations transitioning to a prayer-care-share corporate culture.

1 - 2 - 3 - 4 - 5

Comments:

10. Modeling and Adopting – One city, as it matures in the process, “adopts” a new city with encouragement, coaching, and financial investment – serving as an “Antioch” (Acts 11:19-30;13:1-3) model, inspiring other cities in the region or the nation to implement the prayer-care-share strategy.
